HANDCRAFTED HOME ACCENTS

At Royal Crowne we know the value of looking our best. For property owners, "looking our best" extends beyond personal appearance to keeping your property looking great!

Our durable home accents have been handcrafted in Lancaster County by three generations of skilled workers who care about appearances. Cupolas and weathervanes, lantern and mailbox posts and other quality handcrafted products improve the appearance of your property, enhancing curb appeal, and providing the finished appearance it deserves.

All Royal Crowne Cupolas with a wind rating are:

- · Engineer drawn and approved
- Wind rated with proper installation procedures followed
- · Approved for up to 120 mph wind speeds
- · Available with Sealed engineer drawings

YOU DESERVE A "ROYAL CROWNE!"

Most of our products are available and manufactured with a cellular-pvc trimboard that offers "Maintenance Free Solutions" for many years. This material is rot, moisture, and insect resistant and offers a Limited Lifetime Warranty.

Signature (100)

Our Signature Series pay attention to fine detail. This maintenance free cupola is inspired by the elegance of English Castles and should not be confused with cheap imitations on the market today. If you want top quality style and outstanding beauty you need a Signature Series Cupola!

Cupola

Royal Crowne Outdoor accents offers many additional options for the base, louvers, or roof of your cupola. These additional features add class and distinction to your cupola.

CLAPBOARD BASE

A clapboard base is available in all the 100, 200, 300 & 700 series cupolas.

COPPER & COLORED LOUVERS

Add copper or colored louvers to any louvered cupola to give it an appearance that will add class to your cupola.

HINGED WINDOW

Add a hinged window to your cupola for ease of access to the interior of your cupola.

PAINTED CUPOLAS

Custom painted cupolas are available to match the color and style of your building. Paint can be applied to vinyl & wood cupolas.

See color chart on page 15.

BOARD 'N' BATTEN BASE

Board 'N' Batten base is available on any of the 100, 200, 300 or 700 series cupolas.

BASE & CROWN MOLDING

Base & Crown molding is available on any of the 200, 300, 500 or 700 series.

LANTERN MOUNT/ LIGHT SOCKET

Order a lantern mount in any windowed cupola. Choose from either a post lantern mount, or just a standard light socket mount.

FLASHING KIT

Add a flashing kit to any cupola to adapt for a metal roof. See page 11 for colors

Order any coppertop cupola with patina applied to the copper. This gives the copper a nice aged appearance.

Order any copper cupola with 3 coats of Staybrite already applied.
This will keep your roof shiny and protects it from tarnishing. A 12oz aerosol can is also available

Also available: Base Cutout, Base Extension & Screening

CHOOSING THE CORRECT CUPOLA SIZE

A properly fitted cupola is essential for a cupola to look right on your building. When trying to figure out what size you need, we use a guide of a minimum of 1.25" for every foot of unbroken roof ridge line. For example: if your unbroken roof ridge line measures 24', the minimum size of your cupola should be is 30". For a roof ridge line length 48' and longer, you may want to consider using 2 or 3 cupolas.

- Cupola size is derived from the measurement of the base width.
- Extended bases are available for steeper pitched roofs.
- Cupolas come in 2 or 3 sections for easier shipping and installation.
- All louvered cupolas can provide ventilation for your structure.
- Windows are removable for ease of installing a light fixture.
- 60" & 72" cupolas come standard with double mid-sections.
- · Custom styles and sizes are available.

30" Cupola

24' OF UNBROKEN ROOF LINE

ROYAL VISION

Are you struggling to figure out what size or how many cupolas you'll need for your building? Try our Royal Vision program found on our website. You can choose your roof pitch, building size and the length of the roof line. This program will help you envision exactly what the cupola will look like on your size building.

www.royalcrowne.com/RoyalVision

Weathervanes & FINIALS

For a distinctive look, top your cupola with one of our elegant weathervanes or finials. A combination of copper and brass or cast aluminum our weathervanes and finials will last for years.

QUALITY & DURABILITY

Unlike many products in our throwaway society, all of our products use top of the line Vinyl/PVC, Cedar, Copper or other durable long-lasting materials. We believe superior materials combined with great customer service and product support point to customer satisfaction.

GUARANTEE

We stand behind all of our products with a complete satisfaction guarantee.

STYLE AND FINISH

Fully customizable designs and available painting means you get a distinctive product.

CONVENIENT INSTALLATION

We try to make it easy for your installer. From multiple piece products to user friendly installation guides, we want the installation of your cupola to be trouble free.

MADE IN THE U.S.A.

All Royal Crowne manufactured products are made right here in the USA. Quality control is very important to us, and we want YOU, our customer to be satisfied.
